

To Whom it may Concern,I am a subscriber to XM satellite Radio (I pay a fee to listen to what I want when I want it!!)I would like to let my opinion be known in regards to the NAB's petition 04-160. I believe that as long as I am paying a fee to XM, then I should be entitled to hear all types of entertainment and news, including the local weather and traffic. My husband and I drive a commercial truck and enjoy XM uninterrupted coast to coast. We thought it would be a great feature to get traffic in whatever city we are in at any time, unlike local broadcasts that only have traffic during rush hour.
